### Remove fire engine stationed inside Priyadarshini Park: Bombay HC to BMC

Oct 30, 2017, 23:34 IST

After a report submitted by an independent committee, the Bombay High Court directed the Brihanmumbai Municipal Corporation (BMC) to remove the fire engine stationed inside the South Mumbai's Priyadarshini Park by tomorrow. A bench of judges also ordered the BMC to remove the temporary fire shed inside the park and to restore the jogging and walking tracks there to their original condition. The court's order came after a committee, which included a member of the Maharashtra State Legal Services Authority, and the High Court Receiver, inspected the park and submitted a report before the High Court.
